The institutions receive further pecuniary help from Government in the shape of service rendered by its officers for their management without any remuneration. Further the Government does not make any charge for receiving and keeping these funds in Government treasuries.

It does not therefore seem reasonable to receive such savings, which are mostly Government money, in the Savings Bank and make the Government pay interest for its own money

Sir,

Referring to Proceedings No: 2892-901 / Muz 7. 596 of 19th March 1904 directing the detailed Audit of Muzroi Accounts, I have the honor to submit for the consideration of Government of having all the assets of Muzroi Institutions being credited to one General Head of account styled Muzroi Funds as separate individual accounts have to be maintained in this office and in the Districts for each institution. It is therefore desirable that the Funds invested in Savings Bank Deposits and Paduvat Funds be transferred to the General accounts viz Muzroi Funds and not kept apart from it as at present This proposal will facilitate the audit to be exercised and also the exact financial condition of

of the particular institution will be readily ascertained more so since expenditure is frequently sanctioned to be met from the interest realized on Savings Bank Deposits and from Peculiar Funds.

To

The Comptroller to the Government of Mysore.

SIR,

I am directed to acknowledge the receipt of your letter No. 2805/1915, dated 18th November 1904, suggesting the desirability of the Muzrai Funds invested in the Savings Bank Deposits as well as the Puduvat Funds being transferred to the "General Accounts" viz., "Muzrai Funds", and not kept apart from it as at present.

2. As regards the investment of "Muzrai Funds" which consist of (1) the savings effected from the fixed Tasdik allotment (2) the Manikes &c paid by the devotees and (3) the other source of income excepting the Puduvat Funds, I am to invite your kind attention to Government Proceedings No. 1654-62/M.Cir:74, dated 14th May 1891, which directs that any sums which are below -- Rs 1,000 should be invested in Govt Savings Bank, sums exceeding that amount being invested in Govt of India Pro Notes.

3. As regards Puduvat Funds, which consist of sums dep

by private individuals for the performance of specified service from the interest thereon, the Government in their Proceedings No. 5112-20/132, dated 6th December 1887, have permitted the investment of the funds either in the Govt Savings Bank or in Govt of India Pro Notes as may be more profitable. The Funds are accordingly being invested and the continuance of this practice is very desirable.

4. If in the case of any particular institution it is found that a sum of more than ₹1,000 belonging to it had been invested in the Govt Savings Bank, the Deputy Commissioners of Districts concerned will be requested to submit a statement thereof with a view to transfer the amounts to Govt of India Pro Notes as directed in their Proceedings of 1891.

5. A transfer to the General Mazai Funds kept in the Treasuries of all the sums now invested in Govt Securities and deposited in the Govt Savings Bank would result in the loss of the income now derived by way of interest by the institutions concerned. I am therefore directed to enquire whether it would not be sufficient if the directions contained in the Govt Orders referred to above were strictly carried out and the necessary arrangement for check of the funds under these three different heads were made in your Office. If any change in the existing practice is considered necessary, I am to request the favour of a full report entering into the details

Sir,

I have the honour to acknowledge the receipt of your letter No.2696 dated 18th December '05 regarding the investment of Muzrai Funds in the Savings Banks, and to state in reply that in Government Pro: No.5112-20/132 dated 6th December 87, it is clearly put down that such of the items as are enumerated in para 2 of your letter under reply (i.e. Savings from Government Tastik allowances, Kanikas &c.,) should not be deposited in the Government Savings Bank, and the rule 19 of the Savings Bank rules, based on the above order, still remains in force- I request therefore to be informed whether that portion of the above order restricting the investment of the above items in the Savings Bank has since been cancelled.

The Rule directs that " without the sanction of the Comptroller no person may deposit more than Rs. 2000/- Rupees in all between any 1st July and the 30th June next following" and that " the total amount which a depositor may have at his credit at any time, exclusive of interest for the current year, should not also exceed Rs. 5000".

3. The endowments both cash and land belonging to the Vyasaroyaswami , Uttaradi Swami and some some other Matts in the State are under the temporary management of Government in the Muzrai Department, and the Amildars of the Taluks, in which the land endowments are situated, are required to attend to the collection work as in the case of Government villages. The amounts collected by them are directed to be remitted to the Treasury in the first instance, the amounts required for expenditure being drawn afterwards on separate bills. In the case of the Vyasaroyaswami and the Uttaradi Matts, the amounts are being invested in the Government Savings Bank in the Bangalore District Treasury in the name of the " Muzrai Secretary to the Government of Mysore for the time being". Hitherto there was no limit for such deposits, but as stated

Districts in favour of the Natts are pending in this Office owing to the restrictions placed in the matter of deposits in the Government Savings Bank.

No. S.R.734.

Office of the Comptroller, Mysore Government,

Dated Bangalore, the 4 May 1907.

From

The Comptroller,

Mysore Government.

To

K.S. Chandrasekhara Iyer, Esq., B.A., B.L.,

Secretary to the Government of Mysore,

General and Revenue Departments.

Sir,

I have the honour to submit herewith for the orders of Government a copy of letter No. 4966 dated 25th April 1907 from the Secretary to Government ~~of~~ Muzrai Department regarding the investment in Government Savings Banks of the receipts of the Sri Vyasaroyaswami and the Uttaradhi Matts.

2. The funds of these 2 institutions were first placed in the Savings Bank deposits in 1903~~/04~~ and 1905 under orders of Government conveyed in Government order No. 2413-23/Muz.F.57-92 and 1621-34/Muz. dated 30th May 1903 and 9th November 1904 respectively, when there was no limit placed by the rules on the total amount at credit of an account in the Savings Bank. Now that the rules have been altered, the annual and the aggregate limits to each account are fixed, deposits to any extent can not be received on any account.

The present rule 10 fixing the annual limit of Rs. 2,000/- allows only 3 exceptions and it is not clear if the accounts of Mutts the funds of which come into the possession of Government as in the case of the revenue of ~~the~~ villages under Government management can be held to come under exception No. 2 viz.

viz., "Benevolent or quasi-public". As regards the limit to the aggregate amount at credit of an account rule 1 clause IV is absolute and makes no exception.

3. The proper head of account to which the receipts of these Mutts should be credited in the Treasury is that known as "Temple under the temporary management of Government Officers" This head was opend in 1896 at the instance of the Muzrai Secretary and it is intended for recording the transactions of Institutions of the nature of the Mutts in question. As a matter of fact, the receipts and expenditure of several similar Institutions are actually accoun-ed for only under this head, and none of them are brought under Savings Banks. It is not therefore understood why the receipts of only these 2 particular Mutts should be invested in Government Savings Bank while the transactions of the other Muzrai Institutions are recorded under the other head referred to above. If however, it is considered necessary to invest the funds they may be invested in Government of India securities.

4. The question of keeping in the Government Savings Banks the funds of the Muzrai Institutions both permanent and temporary has formed the subject of a separate correspondence (Unofficial) between this office and that of the Muzrai Secretary and it has been stated in it that it is not right to keep these funds in the Savings Banks. I request the favour of early orders on the subject.

I have the honour to be,

Sir,

Your most obedient servant,

Sd. M. T. Krishna Rao
